Hmmm...it wouldn't hurt. Although help me understand the import of the Corp's decision which you said NEPA didn't come into play. They press release says that they found that "the project could have substantial environmental impacts"...

 CCILO Reg Review Agenda. 08.26.20.docx

Hi all,

Please send your agenda items to Tom, Aditi, or Lisa, or add directly to the attached agenda, **by 3 pm tomorrow.**

Practice tips:

- When you have made a change to the agenda, remember to hit the save icon with the recycle symbol (or turn on AutoSave) located on the quick access toolbar at the top left side of your screen.
- Do not create another version with a new name.
- Avoid using track changes or making any formatting changes.
- Please email me, Andy and your Assistant if you add a new item after I have sent the agenda to the FO.

Thanks,

Tricia
